MATTERS ARISING AT MEETING

AORC Sporting & Technical Report

EO reported that Motorsport Australia's position still stands in that it would like to see the Championship up and running in the latter half of the year given it is permitted to do so under Federal, State and Territory COVID19 legislation. The preference would be to keep the latter event dates as is (Rainbow and Kalgoorlie), and reschedule St. George and Loveday.

All event organisers were directed to Motorsport Australia's Return to Race strategy and there are a couple of points that must first be addressed prior to commencing with AORC planning:

Additionally a survey will be issued to all current off-road licence holders asking whether they'd still be willing to compete under a revised and shortened calendar.
