GENERAL PRINCIPLES

1. REGULATION OF INTERNATIONAL MOTORSPORT

The Fédération Internationale de l'Automobile (*FIA*) is the sole international sporting authority with the power to make and enforce regulations based on the fundamental principles of safety and sporting fairness, for the encouragement and control of *Automobile Competitions*, and to organise *FIA International Championships*.

The *FIA* is the final international court of appeal for the settlement of disputes in accordance with the International Sporting Code (*Code*).

The Fédération Internationale de Motocyclisme exercises the same powers for vehicles with one, two and three wheels.

2. INTERNATIONAL SPORTING CODE

So that the power is exercised in a fair and equitable manner, the *FIA* has drawn up the *Code*, which includes each Appendix.

The purpose of the *Code* is to regulate, encourage and facilitate motorsport.

The *Code* will never be enforced to prevent or impede a *Competition* or the participation of a *Competitor*, save where the *FIA* concludes that this is necessary for the safe, fair or orderly conduct of motorsport.

3. REGULATION OF NATIONAL MOTORSPORT

Motorsport Australia is recognised by the *FIA* as the sole sporting power for the enforcement of the *Code* and the *NCR* which will govern all *Automobile Competitions* throughout the *Territory of Motorsport Australia*.

Motorsport Australia is a National Sporting Organisation as determined by the Australian Government.

Motorsport Australia is bound by the *Code*.

Motorsport Australia has delegated the power to conduct any *Drag Race* to *ANDRA* and Karting to *KA*.

4. NATIONAL COMPETITION RULES

Motorsport Australia has formulated the National Competition Rules (*NCR*) to allow its *FIA* delegated sporting power to be exercised in a safe, fair and equitable manner with the object of ensuring that the conduct and promotion of motorsport throughout the *Territory of Motorsport Australia* is in a manner which secures and enhances the safety of each spectator, official, *Competitor*, *Driver*, *Navigator* and *Passenger*, and which encourages the sport to be competitive and fair.

To give effect to that object, the *NCR* will not be administered or implemented for the purpose of:

eliminating or substantially damaging a person who is a competitor of *Motorsport Australia* in a market in the event that *Motorsport Australia* is competing in that market at any relevant time;

preventing the entry of a person into a market; or

detering or preventing a person from engaging in competitive conduct in a market.

The *NCR* will not operate to prevent the imposition of an appropriate sanction or penalty for a contravention of any existing requirement of the *FIA* statutes, *Code* or the *NCR* for conduct arising hereafter, or for any amendment to any of those *Rules* provided the amendment is for the purpose of giving effect to the above.

Compliance with the *NCR* is mandatory.

The *NCR* includes each *Appendix* (and *Schedule*), regulation or policy as determined by *Motorsport Australia* which will all have the same authority as the *NCR*.

In the *NCR* and unless the context otherwise requires:

any **HEADING** is for reference only and has no regulatory effect;

any word importing the singular includes the plural and vice versa;

any word importing any gender includes the other genders;

any reference to a person includes a corporation or a body politic;

any reference to a person includes the legal personal representative, successor and permitted assign of that person;

any reference to a function includes a reference to a power, authority and duty; and

any reference to the exercise of a function includes where the function is a power, authority or duty, a reference to the exercise of the power or authority or the performance of the duty.

The *NCR* will come into force and be operative from the first day of January each year and will supersede the *NCR* of the previous year. Any amendment to the *NCR* during the current year will state the date on which it comes into effect.

Any interpretation of the *NCR* must not contradict an interpretation or clarification already given by the *FIA*.

Note: The texts of the Supercars Australia Pty Ltd Operations Manual (which contractually must comply with the *Code*) contain certain modifications to the *NCR* which are applicable solely to Supercars *Competition*. Since these modifications are not included in the *NCR*, this Operations Manual is the authoritative text if there is any difference between it and the *NCR*.

5. EXERCISE OF THE POWERS OF *MOTORSPORT AUSTRALIA*

The powers and functions conferred on *Motorsport Australia* by the *FIA* will be exercised by the Board of Motorsport Australia (*Board*) in accordance with the Constitution of the Confederation of Australian Motor Sport Limited, trading as Motorsport Australia and the *NCR*.

Only the *Board* may authorise any modification to the *NCR*. Such modification/s will be published at www.motorsport.org.au.

If it appears from a Stewards' report or otherwise that the conduct of an *Event* was not in accordance with the *NCR*, or that the results of a *Competition* have been improperly or incorrectly recorded, *Motorsport Australia* may refer the matter to an Investigatory Tribunal. No such inquiry may be ordered after the expiration of 60 days after the end of the *Competition* or after the publication of the final results, whichever is the later.

To the extent permitted by any applicable law, neither *Motorsport Australia* nor any of its officers, agents, employees, directors or officials are or will be liable to any other party for any claim, cost, damage or loss resulting from any act, decision or omission by *Motorsport Australia* and/or its officers, agents, employees, directors or officials in connection with their duties, except for wilful misconduct or fraud.

6. ACQUAINTANCE WITH AND SUBMISSION TO THE *NCR*

Each person or group of persons organising or taking part in a *Competition* in whatever capacity:

are deemed to be acquainted with the statutes and regulations of the *FIA*, the Constitution of the Confederation of Australian Motor Sport Limited, trading as Motorsport Australia and the *NCR*;

must submit themselves to the above and to any decision of the sporting authority and its consequences;

acknowledge that the *NCR* is:

made in the best interest of motorsport in Australia;

necessary and reasonable for the purpose of protecting motorsport and establishing safety regulations; and

made in the public interest;

in the case of non-compliance with these requirements, may have their *Licence* withdrawn, and a manufacturer may be prevented from taking part in a *Competition* on a temporary or permanent basis in which case *Motorsport Australia* will state the reasons for its decision/s;

acknowledges and agrees that this clause may be pleaded in any proceeding, suit or action against *Motorsport Australia* and/or the *FIA*; and

agrees that they will not become a party to any suit at law or equity against *Motorsport Australia* or any person subject to the *NCR*, unless and until all remedies allowed by the *FIA*, the Constitution of the Confederation of Australian Motor Sport, trading as Motorsport Australia and the *NCR* have been exhausted, save with the written consent of *Motorsport Australia* or the *FIA*.

COMPETITION – GENERAL CONDITIONS

7. ORGANISATION OF A COMPETITION

A *Competition* may be organised in the *Territory of Motorsport Australia* by:

Motorsport Australia; or

an affiliated club (other than any *Enthusiast Club*); or

a person or body that holds an *Organising Permit*.

8. OFFICIAL DOCUMENTS

Unless approved otherwise by the *CEO of Motorsport Australia*, for each *Competition* except a *Record* attempt, official documents must be published and include *Supplementary Regulations*, an *Entry* form and if required an *Official Program*. *Provisional* and *Final Classifications/results* must also be published for each *Competition*.

If any requirement in any of these documents is contrary to the *NCR*, it will be null and void.

9. STATEMENT TO BE MADE ON EACH DOCUMENT CONCERNING A COMPETITION

Any *Supplementary Regulation*, *Official Program* and *Entry* form relating to any *Competition* must include the following statement: "*To be held under the FIA International Sporting Code including Appendices and under the National Competition Rules of Motorsport Australia*".

10. UNRECOGNISED COMPETITION

Only a *Competition* or proposed *Competition* organised in conformity with the *Code* and/or the *NCR* is recognised by *Motorsport Australia*. The participation in any *Competition* not meeting these requirements will not qualify a *Competitor* or *Driver* or *Navigator* to take part in a *Championship*, *Cup*, *Trophy*, *Challenge* or *Series* registered on the *Event Calendar of Motorsport Australia* or on the *FIA International Sporting Calendar*.

Each person connected with the holding of any *Competition* other than in accordance with the *NCR* acknowledges that the effect of the *NCR* is to restrict the ability of that person to compete or participate in, promote, organise or otherwise hold or provide services at an authorised *Competition*.

If a *Competition* which does not conform with the *Code* and/or the *NCR* is included in an *Event* for which an *Organising Permit* has been granted, that *Organising Permit* will be null and void.

Any *Licence*-holder participating in an unrecognised *Competition* may be subject to the sanctions provided for in the *Code* and/or the *NCR*.

11. POSTPONEMENT OR CANCELLATION OF A COMPETITION

A *Competition* may only be postponed or cancelled for reasons of *Force Majeure* or safety, or if requirement for doing so has been made in the *Supplementary Regulations*.

Unless specified otherwise in the *Standing Regulations*, in the case of postponement for more than 24 hours or cancellation, any *Entry* fee must be returned. However, if provided for in the *Standing Regulations*, an *Organiser* may retain up to 25% of the *Entry* fee if a *Competition* is cancelled for reasons of *Force Majeure*.

12. START AND END OF A COMPETITION

A *Competition* will start from the time scheduled for the beginning of administrative checking or scrutineering whichever occurs first.

A *Competition* will end upon expiry of the time limit for protests or appeals, or the end of any hearing, or the end of post-*Competition* scrutineering, whichever is the later.

13. INTERNATIONAL COMPETITION

Only an *International Competition* may form part of an *International Championship, Cup, Trophy, Challenge* or *Series*.

Only the *FIA* may authorise an *International Championship, Cup, Trophy, Challenge* or *Series*.

14. MOTORSPORT AUSTRALIA COMPETITION

The status of a *Motorsport Australia Competition* will be determined by *Motorsport Australia* and stated on the *Organising Permit*.

An *Event* made up of a number of *Competitions* will take its status from the highest status *Competition* at the *Event*. *Competitions* within an *Event* may have a lower status applied to them for the purpose of *Licences*, conditions or application of other regulations.

A *Competition* may be restricted when the *Supplementary Regulations* require that each *Competitor* and/or *Driver* and/or *Navigator* must comply with one or more particular conditions. A *State Competition* or one by invitation may be a restricted *Competition*.

The right to associate the name of a commercial company, organisation or brand with a *Motorsport Australia Championship, Cup, Trophy, Challenge* or *Series* is reserved for *Motorsport Australia* or unless authorised otherwise by the *CEO of Motorsport Australia*.

Without the approval of the *CEO of Motorsport Australia*, no person or body whose *Competition* is part of a *Motorsport Australia Championship, Cup, Trophy, Challenge* or *Series* may imply that the *Championship, Cup, Trophy, Challenge* or *Series* is financially supported by a commercial company or organisation.

15. FOREIGN LICENCE HOLDER PARTICIPATION IN A MOTORSPORT AUSTRALIA COMPETITION

Other than for an *International Competition*, a *Motorsport Australia* visa and permission of the *ASN* that issued the *Licence* is required for a foreign *Competitor, Driver* or *Navigator* to be eligible to compete in any *Motorsport Australia Competition* subject to:

- the requirements of the *Trans-Tasman Agreement*; or
- the holding of an Australian passport; or
- meeting the requirements of the *Code*.

With the approval of the *CEO of Motorsport Australia*, if a *Competition* forms part of a *Motorsport Australia Championship, Cup, Trophy, Challenge* or *Series*, any *Competitor* and/or *Driver* and/or *Navigator* holding a foreign *Licence* may be eligible to score points in that *Championship, Cup, Trophy, Challenge* or *Series*.

Should an *Organiser* accept the *Entry* of a foreign *Competitor* and/or *Driver* and/or *Navigator* who does not hold authorisation to compete from the *ASN* which issued their *Licence*, the *Organiser* will be subject to a penalty.

16. USE OF THE WORD “WORLD”

The use of the word “World” associated with a *Competition* is subject to the requirements of the *Code*.

17. PARC FERMÉ

A *Parc Fermé* is mandatory where scrutineering is required and must:

- be of sufficient size to accommodate all *Automobiles* which are to be impounded;
- be clearly delineated and controlled by officials so that only authorised persons can gain access; and
- have the location included in the *Event* regulations.

Unless permitted in the *Event* regulations and then only under the supervision of the officials, no procedure including checking, tuning or repair is permitted on any *Automobile* within *Parc Fermé*.

Upon crossing the *Finish Line* each *Automobile* is under *Parc Fermé* conditions.

Event regulations may include additional requirements for *Parc Fermé*.

18. LICENCE

Unless specified otherwise in the *Rules*, any person or body wishing to participate in a *Motorsport Australia Competition* must hold a *Competition Licence* issued by *Motorsport Australia* or another *ASN*.

Motorsport Australia Competition Licence requirements are published at www.motorsport.org.au.

19. RECORD ATTEMPT

For an attempt on a World Record, Absolute World Record and the Outright Land Speed Record refer to the *Code*.

The holder of a *Record* is the *Competitor*.

Motorsport Australia will only recognise a national *Record* by an *Automobile* complying with the *NCR*.

Motorsport Australia will establish the conditions, including duration and/or distance, for each national *Record* complying with the *Code*.

No *Record* other than a lap *Record* may be established during a *Circuit Race* or *Speed Event*.

Pending the recognition of a *Record*, the result and any publicity must include the words “*subject to confirmation*” in clearly legible characters. A breach of this requirement will result in the non-recognition of the claim without prejudice to any other penalty.

20. LAP RECORD

A lap *Record* may only be established over a single lap during a *Circuit Race* and the recognition for that lap *Record* will be with the *Driver*.

Any road *Course* proposed for use in a *Competition* must be submitted to *Motorsport Australia* for approval together with a detailed itinerary.

42. MEASUREMENT OF A *COURSE*

For a *Competition* other than a *Record* attempt, distances up to 10 kilometres must be measured along the centreline of the road by a qualified surveyor. Distances greater than 10 kilometres will be determined by the official road markings or by means of an official map to a scale not less than 1:50,000.

43. *TRACK LICENCE*

Upon inspection and approval of a venue, *Motorsport Australia* may issue a *Track Licence* for a specific period.

Each *Track Licence* will include:

- the length of the *Track*;
- whether it is permanent or non-permanent; and
- the *Track* density table.

Each *Track Licence* must be displayed in a prominent position at the venue.

STARTS AND HEATS

44. *START*

There are two methods of *Start*:

- rolling *Start*; and
- standing *Start*.

An *Automobile* will be deemed to have started at the moment of the *Start* regardless of which method is used.

For each *Competition*, the *Supplementary Regulations* must include the method of the *Start*.

45. *START LINE*

In any *Competition*, the *Start Line* is the line in relation to which the position of each *Automobile* is fixed, prior to the *Start*.

The *Supplementary Regulations* will define the relative positions of each *Automobile* before the *Start* and the method by which these positions are determined.

46. *ROLLING START*

A rolling *Start* occurs when the *Automobiles* are moving when the *Start* signal is given.

Automobiles will be led away from the starting grid by an official car driven by an experienced driver, maintaining their grid order, which may be either in line or side by side as prescribed in the *Supplementary Regulations*.

When the official car leaves the *Track*, the *Automobiles* will continue in order until the *Start* signal is given. Unless specified otherwise in the *Supplementary Regulations*, timing will begin when the first *Automobile* crosses the *Start Line* after the *Start* signal is given and thereafter, if the *Competition* is on a *Circuit*, as from the end of the first lap, each *Automobile* will be timed as it crosses the *Control line*.

After the publication of the final starting grid, the place of any non-starter will be left vacant.

47. *STANDING START*

A standing *Start* occurs when the *Automobile/s* are stationary when the *Start* signal is given.

Unless specified otherwise in the *Supplementary Regulations*, timing will begin when the *Start* signal is given and thereafter, if the *Competition* is on a *Circuit*, as from the end of the first lap, each *Automobile* will be timed as it crosses the *Control line*.

After the publication of the final starting grid, the places of any non-starters will be left vacant.

48. FALSE START

A false *Start* occurs when an *Automobile* is not positioned for the *Start* as prescribed in the *Supplementary Regulations*.

49. HEAT

A *Competition* may be comprised of more than one heat as prescribed in the *Supplementary Regulations*.

Subject to the approval of the Stewards, the composition of heats may be modified.

50. DEAD HEAT

In the case of a dead heat each *Competitor/Driver* concerned will share the combined awards including points.

If each *Competitor* involved in a dead heat agrees, the Stewards may authorise a further *Competition* restricted to those *Competitors* to determine the result, and impose conditions, but in no case will the first *Competition* be re-run.

51. FINISHER

To be classified as a finisher in a *Competition* an *Automobile* must cross the *Finish Line* under its own power and in accordance with the *Supplementary Regulations*.

COMPETITORS AND DRIVERS

52. NATIONALITY

A person or body who holds a *Competition Licence* issued by *Motorsport Australia* is deemed to be an Australian national for the purpose of participation in a *Competition*.

53. PSEUDONYM

A *Licence* may be issued under a pseudonym if approved by the *CEO of Motorsport Australia*.

The *Licence*-holder, for so long as they are registered under a pseudonym, must not take part in any *Competition* under any other name.

Should a *Licence*-holder be registered under a pseudonym they must not revert to the use of their own name nor any other pseudonym until they have returned that *Licence* and obtained a new one.

54. CHANGE OF AN ENTERED DRIVER

In a *Competition*, a change of *Driver* may only be made if the *Supplementary Regulations* permit. After publication of the *Official Program*, such change will require the approval of the Stewards.

55. RESPONSIBILITY OF THE COMPETITOR

Each *Competitor* will be responsible for all acts or omissions on the part of any person taking part in, or providing a service in connection with a *Competition* on their behalf, including an employee, direct or indirect, a *Driver*, *Navigator*, mechanic, consultant, service provider, or *Passenger*, as well as any person to whom the *Competitor* has arranged access to any *Event* precinct. Each of these will be jointly and severally liable for any breach of the *NCR*.

Each *Competitor* must ensure that their *Automobile* complies with any condition of eligibility and safety throughout the *Competition*.

The presentation of an *Automobile* for scrutineering is deemed to be an implicit statement of conformity to the relevant regulations.

56. UNAUTHORISED SUBSTITUTION OF ONE *COMPETITION* FOR ANOTHER

Any *Competitor* having entered or any *Driver* having undertaken to drive in a *Competition* who does not take part in that *Competition* and takes part in another *Competition* on the same day will have their *Licence* suspended as from the beginning of the latter *Competition*, for such time as the *CEO of Motorsport Australia* may deem fit.

If the two *Competitions* take place in different countries, the requirements of the *Code* will apply.

AUTOMOBILES

57. *AUTOMOBILE* CLASSIFICATION

An *Automobile* in a *Competition* may be classified by type and/or the capacity of its power unit, of whatever form, and may be restricted by the *Rules*.

58. *AUTOMOBILE* EXAMINATION

Unless Targeted Scrutineering procedures apply, each *Automobile* will be examined for compliance prior to commencement of a *Competition*.

At any time during an *Event* an *Automobile* may be examined for compliance.

Unless authorised by an official, it is prohibited to remove any sealed component or tamper with any seal.

The Chief Scrutineer having noted an area of minor non-compliance, may complete a statement:

"In my view, the minor ineligibility noted in the log book of this Automobile does not improve the performance to such an extent that the Automobile be disqualified from this Competition."

A log book bearing such an endorsement will be presented to the Stewards. If approved, the *Automobile* will be regarded as eligible for that *Competition* in respect of the item/s noted and no protest on that ground will be accepted.

The minor ineligibility noted must be corrected prior to that *Automobile* participating in any future *Event*.

Outside of a *Competition*, the *CEO of Motorsport Australia* may authorise the impounding of any *Automobile*, the sealing of any component and an inspection at a time and place as determined. The details of any such inspection will be advised to the *Competitor*.

If an *Automobile* has been found to be ineligible the Stewards or other judicial body will impose a penalty of *Disqualification* from the relevant *Competition/s*.

If an *Automobile* is found not in compliance with the applicable technical regulations, it will be no defence to claim that no performance advantage was obtained.

The Stewards will impose a penalty of *Disqualification* of any *Automobile* whose construction they deem to be dangerous.

59. *AUTOMOBILE* ELIGIBILITY

For any *Competition* open to an *FIA* formula, category or group, as defined in the *Code*, each *Automobile* participating must comply in all respects with the *FIA* technical regulations, and the official clarifications and interpretations of the *FIA*. Such regulations may only be modified with the approval of the *FIA*.

For any *Competition* open to a *Motorsport Australia* formula, category or group, each *Automobile* participating must comply in all respects with the *Motorsport Australia* technical regulations, and the official clarifications and interpretations of *Motorsport Australia*. Such regulations may only be modified with the approval of the *CEO of Motorsport Australia*.

An *Automobile* must comply with its recognition/homologation document/s.

The Motorsport Australia Automobile Eligibility Committee (*AEC*) is the authority of *Motorsport Australia* to make any determination or decision regarding *Automobile* eligibility which is binding in any proceeding.

In the case of an *Automobile* eligibility dispute arising at or from a *Competition*, the Stewards or other judicial body may either determine the issue themselves or refer it to the *AEC* for determination.

An eligibility matter not arising from a *Competition* may be referred to the AEC for determination by only:

- a *Competition Licence*-holder who owns an *Automobile* which is the subject of a current log book; or
- the CEO of Motorsport Australia; or
- a Technical Delegate.

60. DISQUALIFICATION, SUSPENSION OR EXCLUSION OF A PARTICULAR AUTOMOBILE

A penalty of *Disqualification*, *Suspension*, or *Exclusion* of a particular *Automobile* may be imposed for a breach of the NCR.

For international penalties, refer to the *Code*.

61. SUSPENSION OR EXCLUSION OF A MAKE OF AUTOMOBILE

A penalty of *Suspension* or *Exclusion* of a make of *Automobile* may be imposed for a breach of the NCR by the manufacturer or its authorised representative. If the CEO of Motorsport Australia considers that the *Suspension* or *Exclusion* of a make of *Automobile* apply internationally, a recommendation will be forwarded to the FIA in accordance with the *Code*.

62. COMPETITION NUMBER AND ADVERTISING ON AN AUTOMOBILE

Each *Automobile* must display each marking and *Competition* number in compliance with the *Rules*.

Any sign or advertisement which is deemed to be offensive by the Stewards will be prohibited.

Any sign or advertisement which is in breach of any Government Legislation will be prohibited.

63. ADVERTISING

Any announcement relating to the results of a *Competition* will state the nature of that *Competition*, the category, class etc. of the *Automobile*, the position and result obtained. If applicable, that the results are “*subject to official confirmation by Motorsport Australia*”, and such other information as *Motorsport Australia* may require.

Any person or body advertising a *Competition* or the results of a *Competition* is required to do so in a manner which complies with all relevant civil laws and which is not likely to mislead the public. Any person or body advertising a *Competition* or the results of any *Competition* indemnifies *Motorsport Australia* in respect to each claim made by any party alleging a breach of this requirement.

Any manufacturer of an *Automobile*, a *Competitor*, *Driver*, or other *Licence*-holder responsible for falsely publishing or advertising a *Competition* or its results may be penalised.

Any dispute as to the name used to advertise an *Automobile* which contains a part/s supplied by different makers will be determined by *Motorsport Australia*.

PENALTIES

83. BREACH OF A RULE

In addition to any offence referred to elsewhere, each of the following is a breach of the *Rules* whether committed intentionally or through negligence and includes any attempt to do so:

any action, direct or indirect, having the intention to bribe any person having a duty in relation to a *Competition* or being employed in any manner in connection with a *Competition* and the acceptance of, or offer to accept, any bribe by such an official or employee;

any action having as its object the *Entry* or participation in a *Competition* of a person, body or *Automobile* known or found to be ineligible;

any fraudulent conduct or any act prejudicial to the interest of any *Competition* or to the interest of motorsport generally;

failing to cooperate in any investigation or knowingly giving false evidence;

any unsafe act or failure to take reasonable measures which would potentially result in an unsafe situation;

failing to follow the "Code of Driving Conduct";

failing to comply with a direction of a *Motorsport Australia* judicial body;

failing to pay to *Motorsport Australia* within 1 calendar month of their falling due any money due to it;

any action contrary to the *Rules*;

failing to follow a direction of *Motorsport Australia* or an official;

using abusive, insulting, threatening or obscene language or behaviour towards an official or any other person;

any word, deed or writing that may cause moral injury or loss to *Motorsport Australia*, its bodies, its members or its officers or to any other person or property;

any pursuit of an objective contrary to those of *Motorsport Australia*; and

unauthorised tampering with or removal of a seal.

Any person who takes part in an offence, whether as the instigator and/or accomplice, is in breach of the *Rules*.

A person or entity may be found guilty of one or more breaches of the *Rules* and with any other offence arising from the same action/s or omission/s.

The statutory limitation on the prosecution of an offence is 5 years from the day:

on which the offence was committed; or

on which the last act, in the case of repeated offences, was committed; or

on which it stopped, if the offence is continuous.

Where an offence has been concealed from a judicial body the statutory limitation will commence from the day on which the facts of the offence became known.

84. PENALTIES

A penalty may be imposed by a judicial body of *Motorsport Australia*.

Any breach of a *Rule* committed by any *Organiser*, official, *Competitor*, *Driver*, *Navigator*, other *Licence-holder*, or *Participant*, other person, or organisation may be penalised.

Any decision of the Stewards or other *Court of the First Instance* is immediately binding.

However, if a *Competitor* appeals, the penalty will be set aside until the matter is determined by an Appeal Tribunal, except in the cases cited below:

safety; or

alcohol testing; or

drug testing; or

good conduct; or

Entry irregularity; or

offensive advertising; or

a decision which is not subject to appeal as specified in the applicable Sporting Regulations; or

if, in the course of the same *Competition*, the Stewards consider a further breach justifies the *Disqualification* of the same *Competitor*, *Driver* or *Navigator*.

The suspensive effect resulting from an appeal does not allow the *Competitor* or the *Driver* or the *Navigator* to take part in the prize-giving or the podium ceremony, nor appear in the *Final Classifications*, or in any place other than that resulting from the imposition of the penalty unless the appeal is determined in their favour in the meantime.

Where the Stewards find that an offence has been committed which they consider warrants a penalty outside their jurisdiction they will refer the matter to a Disciplinary Tribunal whose sole task will be determination of penalty.

An alleged offence arising out of a *Competition*, but not dealt with by the Stewards, will be referred to an Investigatory or Disciplinary Tribunal acting as a *Court of the First Instance*.

An alleged offence not arising out of a *Competition* will be referred to a judicial body acting as a *Court of the First Instance*.

An administrative fine will be imposed on an *Organiser* which fails to publish results of a *Competition* within the time limit prescribed in the *NCR*. Such penalty will not be subject to appeal.

Any person or body who intends to promote or enter, compete in, officiate at, or advertise or obtain publicity for the results of a *Competition* not organised in accordance with the *NCR*, but which by its nature should, in the opinion of the *CEO of Motorsport Australia*, have been held in accordance with the *NCR*; or who has been excluded or suspended by the governing body of any other sport recognised by the *FIA* has committed a breach of the *NCR* and may be penalised.

85. SCALE OF PENALTIES

A penalty may be imposed as follows:

warning;

reprimand;

fine;

Disqualification;
Suspension; and
Exclusion.

Any penalty above will only be imposed after consideration of the evidence available. In the case of *Disqualification*, *Suspension* or *Exclusion*, the party concerned must be summoned to give them the opportunity of presenting their defence.

Time penalty means a penalty expressed in minutes and/or seconds.

More than one penalty may be imposed for the same breach.

Points may be deducted separately from a *Competitor* or *Driver* or *Navigator*.

A penalty may be cumulative or suspended wholly or in part.

Any penalty may be imposed to apply at a subsequent *Competition* of the same *Championship*, *Cup*, *Trophy*, *Challenge* or *Series*.

For any *Motorsport Australia Championship*, *Cup*, *Trophy*, *Challenge* or *Series*, the Stewards may also impose the following:

Remove the right to participate in one or more *Competitions* in the same *Championship*, *Cup*, *Trophy*, *Challenge* or *Series*; and/or

Withdraw points for that *Championship*, *Cup*, *Trophy*, *Challenge*, or *Series* which, unless in an exceptional circumstance, will apply to the *Competitor*, *Driver* and *Navigator*.

86. FINE

The maximum amount of a fine is prescribed in the General Appendix, Fees and Charges.

The proceeds from any fine including any forfeited protest fee or appeal fee will be remitted to *Motorsport Australia* to be used in accordance with the policy of the *Board*.

Each *Competitor* will be responsible for payment of any fine imposed on any person taking part in, or providing a service in connection with a *Competition* on their behalf, including their employee/s, direct or indirect, their *Driver/s*, mechanic/s, consultant/s, service provider/s, or *Passenger/s*, as well as any person to whom the *Competitor* has arranged access to the *Event* precinct.

Unless the *CEO of Motorsport Australia* determines otherwise, any fine imposed must be paid within 48 hours of its notification; any delay in payment will entail *Suspension* during the period the fine remains unpaid.

87. DISQUALIFICATION

A penalty of *Disqualification* may be imposed only by:

the Stewards; or
a Tribunal; or
AMSAC

and may be made retrospectively.

An appeal against a penalty of *Disqualification* will **not** set aside such penalty pending determination of the appeal.

88. SUSPENSION

A penalty of *Suspension*, which is reserved for any serious offence, may be imposed only by:

a Tribunal; or

AMSAC; or

the CEO of Motorsport Australia (where satisfied that there is a risk to health and/or safety).

A penalty of *Suspension* will render null and void an *Entry* for any *Competition* which may take place during the term of the *Suspension* and will involve the forfeiture of the *Entry* fee.

The *Suspension* of any *Motorsport Australia Licence*-holder requires the immediate return of the *Licence* to *Motorsport Australia*. Any delay in returning a *Licence* may result in the extension of the *Suspension* by a period equal to the delay.

An appeal against a penalty of *Suspension* will set aside such penalty pending determination of the appeal.

An international *Licence Suspension* will be implemented in accordance with the *Code*.

Motorsport Australia will advise the reason/s for imposing the penalty of *Suspension* to the person or body involved, and to the *FIA*.

89. EXCLUSION

A penalty of *Exclusion* is reserved for an offence of exceptional magnitude, will apply nationally and internationally, and will be imposed in accordance with the *Code*.

An appeal against a penalty of *Exclusion* will set aside such penalty pending determination of the appeal.

Motorsport Australia will advise the reason/s for imposing the penalty of *Exclusion* to the person or body involved, and to the *FIA*.

90. PRIZES AND AWARDS

Any prize or award may be distributed on the basis of provisional results, however, any prize and award not confirmed by the final results must be returned to the *Organiser*.

- the decision is subject to appeal;
- they are the subject of that decision or they are individually affected by that decision;
- they give notice of intention to appeal; and
- they lodge an appeal proper in accordance with the *NCR*.

Note: For an appellant to be individually affected by a decision, it must affect them by reason of certain attributes peculiar to them, or by reason of a factual situation which differentiates them from all other persons and distinguishes them individually in the same way as if they are the subject of the decision.

An appeal against a decision of the Stewards or any *Court of the First Instance* will be determined by an Appeal Tribunal.

A party affected by a decision of an Appeal Tribunal has the right to seek leave to appeal to *AMSAC*.

A party affected by a decision of the *Board* has the right of appeal to *AMSAC* only on the alleged grounds that such action is ultra vires or unconstitutional.

Any appeal against a decision of the Stewards or any *Court of the First Instance*, requires that:

- the notice of intention to appeal be lodged on the "Notice of Intention to Appeal" form (available at www.motorsport.org.au) with the party giving the decision within 1 hour of the handing down of that decision except, where the Stewards or any *Court of the First Instance* consider that impractical in which case any extension will not exceed 24 hours in total; and
- signed by the appellant or their authorised representative; and
- accompanied by the appeal fee.

The appeal proper must then be lodged with *Motorsport Australia*:

- within 96 hours from the time the "Notice of Intention to Appeal" form was received by the party giving the decision; and
- on the "Notice of Appeal" form (available at www.motorsport.org.au); and

signed by the appellant or their authorised representative.

Appeal documentation may be lodged by any electronic means with confirmation of its lodgement. However, lodgement of appeal documentation by hard copy of the same date is also required.

Where a "Notice of Intention to Appeal" form and appeal fee have been lodged, but no appeal proper has been received within the time limit, the notice of intention to appeal will lapse and the fee will be forfeited. In this case, the original decision remains.

In extraordinary circumstances, the *CEO of Motorsport Australia* may accept a notice of intention to appeal or an appeal proper lodged out of time.

Any appeal to AMSAC requires that:

the "Notice of Appeal" form (available at www.motorsport.org.au) be lodged in accordance with the Judicial Appendix;

signed by the appellant; and

accompanied by the appeal fee.

If the appeal fails or is withdrawn, the appeal fee will be forfeited.

If the appeal is upheld the fee will be returned.

If the appeal is partially upheld the appeal fee may be returned in part as determined by the court.

In the absence of any party concerned or of their witness, a hearing may proceed and a decision may be given.

The appellant will be liable for any costs reasonably incurred by *Motorsport Australia* in consequence of the lodgement of the appeal. Any delay in the payment of such costs will entail *Suspension* for the period during which they remain unpaid. Provided always that costs will not be awarded against *Motorsport Australia* unless *Motorsport Australia* itself is an unsuccessful appellant, even where *Motorsport Australia* may be a party to the hearing in some other capacity.

If the court determines that an appeal is frivolous or vexatious or that the appellant has acted in bad faith it may impose a penalty.

106. GROUNDS FOR APPEAL

An appeal may only proceed on at least one of the following grounds which must be specified in the appeal proper:

that the decision was against the weight of evidence;

that the decision was contrary to the *NCR*;
