## 1.2 DOCUMENT ID AND AUTHORITY

**Document ID:** 2022 Queensland Rally Handbook - Ver 1.1  
**Date of Implementation:** 1 January 2022

The 16 November 2021 meeting of the Queensland State Council resolved that the authority of the '2022 Queensland Rally Handbook' be confirmed and that the document authority be identified as '2022 Queensland Rally Handbook - Ver 1.1'.

# 2. GENERAL

This Handbook is to be read in conjunction with the *Manual* and in particular, but not limited to, the following:

- National Competition Rules
- Schedule D – Apparel
- Schedule H – Fire Extinguishers
- Schedule I – Safety Harnesses and Window nets
- Schedule J – Safety Cage Structures
- Schedule K – Markings on Automobiles
- Schedule L – Automobile Log Books
- National Rally Standing Regulations - Vehicles General
- Where stated in particular – Motorsport Australia Rally Championship Sporting and Technical Regulations
- *Event Supplementary Regulations* and any further Bulletins issued by *Motorsport Australia*

A reference in the Handbook to the *Manual* means the online version.

## 2.1 SUPPLEMENTARY REGULATIONS

2.1.1 At least 1 month prior to the commencement of an *Event*, each *Event Organiser* must issue *Supplementary Regulations* complying with the NCR. Each *Event Organiser* is referred to the "Model QRC *Supplementary Regulations*" which are available in word format on the *Motorsport Australia* Queensland State Regulations website at: <https://motorsport.org.au/regulations/sporting-technical/queensland>

These Model QRC *Supplementary Regulations* are recommended for use as the basis for the *Supplementary Regulations* for each *Event*.

2.1.2 *Supplementary Regulations* for each *Event* are to be reviewed by the *Event* checker and Queensland Rally Advisory Panel prior to being submitted to the *Motorsport Australia* Permit Department. However, *Supplementary Regulations* that do not adopt the Model QRC *Supplementary Regulations* will also need to be checked by an authorised *Event* checker prior to being submitted to the *Motorsport Australia* Permit Department.

2.1.3 A list of authorised *Event* checkers is available from *Motorsport Australia*.

Queensland  
Government

## 2.2 ENTRY LIST

2.2.1 An *Entry* list will be published as per the *NCR* and must contain at least the following:

*Automobile* Number, *Competitor/Sponsor*, *Driver* Name, *Co-Driver* Name, *Automobile* Make/Model, Class of *Automobile* (eg PRC, Classic, S2000 etc.) and category of *Entry* (QRC, Clubman etc.).

2.2.2 An electronic copy of the *Entry* list must be sent to the *Motorsport Australia* Permit Department no less than 2 days before the *Event*.

## 2.3 RESULTS

2.3.1 Results will be published as per the National Rally Standing Regulations – Events General.

2.3.2 Each *Event Organiser* must provide to the *Motorsport Australia* Permit Department, the QRAP Point Score Officer and the Drivers Seeding Officer, the following:

- a set of the *Event* stage results in an excel spreadsheet format within 48 hours after the *Event* has concluded; and

2.3.3 QRAP will publish ASAP after each *Event* the progressive scores in the QRC and the sub-set Championships and Series on the QRAP website and Facebook page for review by *Competitors*. A *Competitor* must advise QRAP of any errors within 7 days of the date of publication of these scores. Subject to correction of any errors identified in this 7 day period, or any judicial process the progressive scores will become final 14 days after the initial publication of point scores.

## 2.4 COMPULSORY THIRD PARTY INSURANCE EXTENSIONS

An *Automobile* registered in Queensland under the Transport Operations (Road Use Management—Vehicle Registration) Regulations participating in a road *Event* motor sport *Competition* (excluding a *Touring Assembly*), requires a compulsory third party insurance (CTPI) extension. This need arises from these *Events* being conducted on a road as defined by the Transport Operations (Road Use Management) Act 1995.

If an *Automobile* registered in Queensland under the Transport Operations (Road Use Management—Vehicle Registration) Regulations does not have a compulsory third party insurance (CTPI) extension valid for the *Event* the *Automobile* will not be allowed to start.

## 2.5 QUEENSLAND RALLY VEHICLE REGISTRATION SCHEME (FORM 34) AND TMR “C” PLATE RESTRICTED VEHICLE REGISTRATION

2.5.1 The Queensland Rally Vehicle Registration Scheme (QRVRS) is now available to *Motorsport Australia* *Competition Licence* holders. An application form and conditions are available from the *Motorsport Australia* website at: <https://motorsport.org.au/regulations/logbooks>

2.5.2 A *Competitor* utilising “C” Plate restricted registration must produce at documentation checking and/or to Scrutineers valid documents, which are a requirement of the Department of Transport and Main Roads (TMR) Registration Conditions for these classes of registration.

2.5.3 Each *Automobile* entered for use in an *Event* within the State of Queensland MUST be fully road registered by the relevant State Authority to allow the vehicle to be operated legally on public roads within Queensland and any other State or Territory in Australia. TMR has advised that UVPs issued by interstate authorities apply only to the use of that vehicle within the geographical boundaries of the State of issue and are not recognised as an authority to use the vehicle on public roads (including within State Forests) in the State of Queensland.

## 2.6 DECALS

2.6.1 Each *Competitor* is required to display 2022 *Motorsport Australia* Queensland Rally Championship sponsor decals and stickers on their competing *Automobile* as a condition for scoring points in the 2022 *Motorsport Australia* Queensland Rally Championships and Series. These decals and stickers will be provided by the Queensland State Council of *Motorsport Australia* prior to commencement of *Competition* at each *Event*. The Attachment shows the locations where decals or stickers may be required to be displayed.

2.6.2 *Automobiles* with currently approved *Motorsport Australia* ARC signage may compete at State and club *Events* with that signage in place. If the *Automobile* has an ARC competition number then it must not be visible throughout the *Event* and the *Automobile* must be numbered in accordance with the applicable *Event* regulations.

Queensland  
Government

## 2.7 DISTRIBUTION OF EVENT ROADBOOKS & INFORMATION ETC

With the exception of pace noted rallies where the roadbook may be issued prior to completion of documentation and scrutineering to allow planning of reconnaissance, *Event* roadbooks must not be issued to *Competitors* earlier than 6pm on the evening before the Rally start. Collateral items including door stickers/service crew instructions may be issued after completion of documentation and scrutineering.

## 2.8 UNAUTHORISED FORESTRY ACCESS

2.8.1 The presence of any *Competitor* in forestry areas for unauthorised testing or practice is not permitted. Any alleged breaches will be notified to *Motorsport Australia* for investigation.

2.8.2 Penalties may apply to any *Competitor* who is found on any part of a forthcoming *Event* competitive stage within 2 months prior to that *Event* without the permission of the *Event Organiser*. Any alleged breach will be investigated by QRAP and a recommendation made to Queensland State Council as per the *NCR*.

## 2.9 SCRUTINEERING OF COMPETING AUTOMOBILES AND KEY COURSE CARS

2.9.1 *Event* scrutineering will be as per the *Motorsport Australia* "Scrutiny for the Future" guidelines and associated Government restrictions.

2.9.2 Any log-booked rally *Automobile* that is proposed to be used as either Car 0 or Fast Sweep on a State Championship *Event* must complete a Self-Scrutiny Checklist and Statement of Compliance and supply this to the *Event Organiser* before commencement of the *Event*. Each occupant must present for checking and wearing throughout each Special Stage a helmet, FHR and driving overalls complying with the *Manual*.

2.9.3 Any road registered *Automobile* not covered by 2.9.2 which is proposed to be used as either Car 0 or Fast Sweep on a State Championship *Event* must complete a Self-Scrutiny Checklist and Statement of Compliance and supply this to the *Event Organiser* before commencement of the *Event*. Each occupant must present for checking and wearing throughout each Special Stage a helmet and fire resistant clothing covering neck to wrists and ankles and fully enclosed non-synthetic footwear. Note that the wearing of FHR and driving overalls are not mandatory in such an *Automobile*.

## 2.10 EMERGENCY PROCEDURES

The roadbook for each *Motorsport Australia* sanctioned rally and ralliesprint must include the required Accident Reporting Procedures to be used during that *Event*, including at least 2 copies of the Accident Report Form.

## 2.11 REFUELLING

It is STRONGLY RECOMMENDED the *Event Organiser* provide a designated area to be used exclusively for the refuelling of a competing *Automobile* and the area/s will be clearly marked in the roadbook.

All stored fuel must be kept in shaded areas where possible.

It is recommended that *Event* itineraries require any refuelling activities be conducted at the end of a service period or on the liaison to the next stage so that a competing *Automobile* has a chance to cool down for approximately 20 minutes before refuelling.

If a refuelling area is provided by the *Event Organiser* it must comply with the following:

- 2.11.1. Refuel zone entry/exit must be marked by FIA RFZ signage or at minimum a blue fuel can symbol.
- 2.11.2. All fuel must be stored in the refuel area/s during the operation of the service park.
- 2.11.3. Decanting of fuel between containers may only be done within a refuel zone or a bunted storage area.
- 2.11.4. Any action inside a refuelling zone not directly involved in the refuelling of the competing *Automobile* is prohibited.
- 2.11.5. A 5 km/h speed limit will apply.

- 2.11.6. Each person refuelling an *Automobile* must wear fire resistant clothing covering from neck to wrists to ankles and fully enclosed non-synthetic footwear.
- 2.11.7. The responsibility for refuelling is incumbent on the crew and must be undertaken in a manner that ensures no fuel is spilt.
- 2.11.8. Each engine must be switched off throughout the refuelling operation.
- 2.11.9. Only 2 service team members for each crew may access this zone.
- 2.11.10. It is recommended that the crew remain outside the *Automobile* during refuelling; however, if they remain inside the *Automobile*, each safety belt must be unfastened.
- 2.11.11. In the event of a breakdown, the *Automobile* may be pushed out of the zone by crew members, and/or officials, and/or team members without incurring any penalty.

## 2.12 PROHIBITED SUBSTANCES

The control of alcohol and any prohibited substance is regulated by the *Motorsport Australia* Anti-Doping Policy as defined by the *NCR*. This Policy applies for each *Event* and activity held under the sanction of a *Motorsport Australia Organising Permit*.

## 2.13 AWARDS / AWARDS LEVY

2.13.1 Awards will be presented at the annual Queensland Rally Presentation function to be held on a date to be advised.

2.13.2 A levy of \$25 per *Entry* will apply for each *Event* of the Motorsport Australia Queensland Rally Championships, Clubman and Novice Series.

Note: These funds will be used for the end of season trophies plus for the Queensland Rally Safety Fund, which is distributed to the clubs conducting these *Events* and will be used for any future training and safety requirements.

2.13.3 This levy is payable to *Motorsport Australia* by the organising *Promoter* within 14 days after the completion of the *Event*.

## 6. 2022 MOTORSPORT AUSTRALIA QUEENSLAND NOVICE RALLY SERIES

### 6.1 INTRODUCTION

The Motorsport Australia Queensland Novice Rally Series is the developmental series of the Motorsport Australia Queensland Rally Championship to encourage new *Competitors* and provide them with *Events* to build their experience prior to progression to compete in the Motorsport Australia Queensland Clubman Rally Series and later to the Motorsport Australia Queensland Rally Championship.

Queensland  
Government

## 6.2 EVENTS / DISTANCE

### 6.2.1 This will be a 4 round Series.

The qualifying rounds can be selected from:

- One KCF Short Course Rally that provides a Novice Component in the *Event*; and
- The 3 QRC Rallies that provide a Novice Component in the *Event*. A *Novice Competitor* will only score points in Heat 1 of a QRC round. At the discretion of the *Event Organiser*, *Novice Competitors* may be offered the opportunity to do Heat 2 at these *Events*, but it will be at additional cost and will not earn points towards the Novice Series.

The winners are determined by the highest scores accumulated in the best 3 out of 4 rounds (ie 1 round may be dropped, or not entered). If by reason of *Force Majeure* only 3 rounds are held the winners are determined by the highest scores accumulated in the best 2 out of 3 rounds (ie 1 round may be dropped, or not entered). If by reason of *Force Majeure* only 2 rounds are held both rounds will count towards the series and a round cannot be dropped.

A *Driver* or *Co-Driver* cannot score points in both the Novice Series and the Clubman Series or in the Queensland Rally Championship. If a *Driver* or *Co-Driver* wishes to upgrade from the Novice Series to the Clubman Series, then they will forfeit any points earned in the Novice Series.

### 6.2.2 On each pace-noted *Event*, a fully detailed roadbook must be provided to each Novice crew.

### 6.2.3 Minimum competitive distance for each round will be 50 km. This may be subject to variation by Queensland State Council on recommendation by QRAP.

### 6.2.4 If the Stewards deem a round of the 2022 Motorsport Australia Queensland Novice Rally Series to be affected by *Force Majeure* points will be allocated as follows:

- full points will be allocated when a total special stage distance of at least 30 km is completed;
- half points will be allocated when between 15 km and 30 km is completed; and
- no points will be allocated if less than 15 km is completed.

### 6.2.5 *Entry* fees for the Novice Rally Series component of a QRC *Event* will be approximately half the cost of the full *Entry* fee plus the Rallysafe Component of \$135 inc GST per *Automobile* per *Event*.

### 6.2.6 Each *Event* that will include a round of the 2022 Motorsport Australia Queensland Novice Rally Series will be identified in the *Motorsport Australia 2022 Queensland Competition Calendar* which is available on *Motorsport Australia* and QRAP websites.

### 6.2.7 Subject to Covid-19 Emergency Restrictions, it is recommended a separate Briefing for crews be conducted by the Clerk of the Course or Delegate to ensure the *Novice Competitors* have an opportunity to be informed of *Event* and Time Control Procedures and other related Safety Information.

## 6.3 DRIVER AND CO-DRIVER ELIGIBILITY

### 6.3.1 As per Article 3.3. Additionally, *Drivers* and *Co-Drivers* must demonstrate that they have entered no more than 6 rallies (including short course rallies) in their respective role prior to 1 January of the competition year. It is the sole responsibility of each *Driver* and *Co-Driver* to ensure that the official *Entry* form for each round of the 2022 Motorsport Australia Queensland Novice Rally Series in which they choose to compete is correctly completed indicating their intention to compete in the 2022 Motorsport Australia Queensland Novice Rally Series.

### 6.3.2 Any *Driver* or *Co-Driver* who was placed 1<sup>st</sup> outright in the Queensland Novice Series, 10<sup>th</sup> outright or higher in any state or national championship *Event*, or 5<sup>th</sup> outright or higher in any short course rally in the previous 2 calendar years or have competed in the Queensland Clubman Series in the same period, will not be eligible for the 2022 Motorsport Australia Queensland Novice Rally Series awards or points.

## 6.4 AUTOMOBILE ELIGIBILITY

Any *Automobile* that complies with the National Rally Standing Regulations – Vehicles General. As this is an introductory class, it is recommended that new *Competitors* consider a 2WD *Automobile* as their initial *Automobile* choice.

## 6.5 POINT SCORES

### 6.5.1 Points will be awarded for outright for each *Driver* and *Co-Driver* as per Article 4.6 with the exception that bonus points for completing both heats of a round will not apply.

Queensland  
Government

6.5.2 In the event of a tie, for the purpose of determining the *Event* awards, the *Driver* or *Co-Driver* who has won the greatest number of stages in the *Event* is deemed to be the winner. If a tie still exists, then a count back on the number of second places achieved, and so on, will be undertaken until the tie is broken. If this procedure fails to produce a result, *Motorsport Australia* will nominate the winner according to such criteria as it thinks fit.

## 6.6 EVENT AWARDS

As a minimum, a trophy will be awarded to:  
1<sup>st</sup> placed Driver and Co-driver at each *Event* of the Series.

## 6.7 ANNUAL SERIES AWARD

6.7.1 The *Driver* and *Co-Driver* who have accrued the highest number of points in the Motorsport Australia Queensland Novice Rally Series will be recognised as the winner of the Motorsport Australia Queensland Novice Rally Series and will be presented with awards at the annual Rally Presentation function.

6.7.2 In the event of a tie, the *Driver* or *Co-Driver* who has won the greatest number of rounds in the Series is deemed to be the winner. If a tie still exists then a count back on the number of second places achieved and so on, will be undertaken, until the tie is broken. If this procedure fails to produce a result, *Motorsport Australia* will nominate the winner according to such criteria as it thinks fit.

# 7. 2022 MOTORSPORT AUSTRALIA QUEENSLAND CLUBMAN RALLY SERIES

## 7.1 INTRODUCTION

The Motorsport Australia Queensland Clubman Rally Series is the next progression in *Competitor* development and lies between the introductory Novice Rally Series and the Motorsport Australia Queensland Rally Championship. It allows regular competition between Clubman crews within QRC *Events*, often at a lower cost.

## 7.2 EVENTS / ROUNDS / HEATS / DISTANCES

7.2.1 *Events* will be run in conjunction with each round of the Queensland Rally Championship. The *Organiser* retains the discretion to require Clubman *Competitors* to compete over the full distance of a QRC round and, where this is done, the full QRC *Entry* fee will apply to Clubman *Competitors*.

7.2.2 On pace-noted *Events*, a fully detailed roadbook must be provided for each Clubman crew.

7.2.3 The series is scheduled to comprise a total of 4 rounds. If, with the approval of Queensland State Council, a different number of *Events* are conducted, those *Events* will constitute the Series.

Each round will comprise 2 heats of approximately equal length. All *Competitors* must start Heat 1 to be eligible to start Heat 2. Provided they have approval from the Clerk of the Course prior to commencing Heat 2, a *Competitor* who fails to complete Heat 1 will be allowed to re-join the rally at the start of Heat 2

7.2.4 All QRC rounds will comprise rounds of the 2022 Motorsport Australia Queensland Clubman Rally Series. These rounds will be identified in the *Motorsport Australia* 2022 Queensland Competition Calendar which is available on the *Motorsport Australia* and QRAP websites.

Subject to the approval of Queensland State Council, the date and location of *Events* may change. Refer to the *Motorsport Australia* 2022 Queensland Rally Championship and Series Calendar.

7.2.5 Minimum competitive distance for each round will be 100 km. This may be subject to variation by Queensland State Council on recommendation by QRAP.

7.2.6 If the Stewards deem a heat of the 2022 Motorsport Australia Queensland Clubman Rally Series to be affected by *Force Majeure* points will be allocated as follows:

- full points will be allocated when a total special stage distance of at least 60 km is completed;
- half points will be allocated when between 30 km and 60 km is completed; and
- no points will be allocated if less than 30 km is completed.

If a round comprising 2 heats is affected by *Force Majeure* and the total distance is reduced by more than 50%, then the results of Heats 1 and 2 will be combined into a single heat for the purpose of scoring, where points will be awarded as if the *Event* was a single heat only.

### 7.3 DRIVER / CO-DRIVER ELIGIBILITY

Eligibility to score points in the 2022 Motorsport Australia Queensland Clubman Rally Series is restricted to any *Driver* or *Co-Driver* who resides in the State of Queensland. It is the sole responsibility of each *Driver* and *Co-Driver* to ensure that the official *Entry* form for each round of the 2022 Motorsport Australia Clubman Rally Series in which they choose to compete, is correctly completed indicating their intention to compete in the 2022 Motorsport Australia Clubman Rally Series.

**Note:** Any *Driver* or *Co-Driver* not residing in Queensland and wishing to compete and score points in the Queensland Clubman Rally Series must apply in writing to the QRAP at least 1 month prior to close of entries for the first *Event* that they wish to score points, for consideration by Queensland State Council.

**Note:** *Drivers* or *Co-Drivers* who intend to compete in the 2022 Motorsport Australia QRC cannot score points in the 2022 Motorsport Australia Clubman Rally Series.

However, if after 1 or more *Events* in the Motorsport Australia Queensland Clubman Rally Series, a *Driver* or *Co-Driver* wants to upgrade to the QRC they must indicate this intention when they complete the official *Entry* form at the *Event* from which they wish this upgrade to occur. If this option is taken by an existing Queensland Clubman Rally Series *Competitor*, it must be noted that once this upgrade to the QRC occurs any points earned in the Motorsport Australia Queensland Clubman Rally Series will be lost.

Any *Driver* who has placed 5<sup>th</sup> outright or higher in any State or National championship *Event* in the previous 4 years or Queensland Clubman Series outright winning *Drivers* from the same period, will not be eligible for the 2022 Motorsport Australia Queensland Clubman Rally Series awards or points.

### 7.4 AUTOMOBILE ELIGIBILITY

7.4.1 Any *Automobile* that complies with the National Rally Standing Regulations – Vehicles General.

### 7.5 POINT SCORES

Points will be awarded for outright for each *Driver* and *Co-Driver* as follows:

#### OUTRIGHT POINTS PER HEAT

1ST	2ND	3RD	4TH	5TH	6TH	7TH	8TH	9TH	10TH
25	20	16	13	11	9	7	5	3	1

Each *Competitor* who finishes from 11<sup>th</sup> onwards will receive 1 point.

Each *Competitor* who completes both heats in a round will receive an additional 5 points for the round.

### 7.6 EVENT AWARDS

As a minimum, a trophy will be awarded to:  
1<sup>st</sup> placed *Driver* and *Co-Driver* at each *Event* of the Series.

### 7.7 ANNUAL SERIES AWARDS

7.7.1 The *Driver* and the *Co-Driver* who have accrued the highest number of points in the Motorsport Australia Queensland Clubman Rally Series will be recognised as the winners of that Series and will be presented with awards at the annual Rally Presentation function. Motorsport Australia Queensland Clubman Rally Championship points for a *Competitor* will only accrue towards the overall Queensland Clubman Rally Championship if that *Competitor* has competed in more than 50% of the rallies that make up the 2022 Motorsport Australia Queensland Rally Championship. If a *Competitor* fails to meet the 50% requirement, their points will be lost and not redistributed.

7.7.2 In the event of a tie, the *Driver* or *Co-Driver* who has won the greatest number of rounds in the Series is deemed to be the winner. If a tie still exists, then a count back on the greatest number of heat wins, then greatest number of outright second places achieved, then greatest number of second placings in heats and so on, will be undertaken. If this procedure fails to produce a result, *Motorsport Australia* will nominate the winner according to such criteria as it thinks fit.

## QUEENSLAND RALLY ADVISORY PANEL (QRAP)

The role of Advisory Panels is to provide advice to the Queensland State Council on an area of particular knowledge. Each Panel also has a direct reporting relationship with the relevant Commission on discipline-specific matters. Any advice or recommendation recorded by Advisory Panels does not have any regulatory effect until such time as the Queensland State Council or the relevant Commission adopts such advice or recommendation.

The primary task of the Queensland Rally Advisory Panel (QRAP) is to provide assistance, advice and recommendations to the Queensland State Council with the planning and administration of the sport and to assist to guide rallying in a manner that is in the best interest of the sport.

The QRAP attempts to ensure that the differing needs of organising clubs and *Competitors* are being met and in meeting these needs, the QRAP must take into account that recommendations to the Queensland State Council must be arrived at in the interests of rallying and not necessarily in the interests of a specific group if the needs of that group are not in the best interest of rallying.

Members of the QRAP are selected on the basis of their personal discipline and knowledge of rallying in general and specific selected aspects. Queensland State Council appoints members of the QRAP in November each year for terms of up to 3 years. Current Panel members hold office until December 2022.
